PROFILE SUMMARY

- Aspiring Software Developer with strong foundations in Java, Data Structures, OOP, and SQL
- Passionate about building reliable software solutions and improving problem-solving skills through LeetCode
- Quick learner with strong debugging skills and focus on writing clean, maintainable code

PROJECTS

Portfolio Website *[live link]*

- Developed a responsive portfolio using HTML and CSS to showcase projects, skills, and resume
- Designed a user-friendly interface with cross-device compatibility for improved accessibility

Student Record Management System Using Java *[Github code]*

- Built a Java-based console application using ArrayList for student data management (CRUD, search, averages)
- Applied OOP principles to enable structured data handling and efficient record retrieval

Conveyor Belt Breakdown Detector Using ML

- Designed an IoT-based machine learning system using Edge Impulse and ESP32-CAM to detect conveyor belt faults
- Implemented real-time image analysis for early fault detection, improving system reliability
- Collaborated in a team to develop and deploy the solution on embedded hardware

ACHIEVEMENTS

- Solved 2000+ problems in SkillRack and 350+ problems on LeetCode

EDUCATION

Bachelor of Electrical and Electronics Engineering

Sri Sai Ram Institute of Technology
CGPA: 9.14/10.00

2022 – Present

Higher Secondary

Christ The King Matriculation Higher Secondary School
Score: 87%

2021 – 2022

SKILLS

- **Programming Languages:** Java, C
- **Frontend:** HTML, CSS, Javascript (Basics)
- **Database:** SQL (Basics)
- **Core Concepts:** OOPs, Data Structures
- **Tools:** VS Code, GitHub
- **Other Skills:** Problem Solving, Teamwork
